Overview

(((On a mission)))

We continue our 7-inch series with **Olde Soul** and **Double K**, as they take listeners on a journey set to well-crafted, sample-based beats.

The mission begins with producer **Olde Soul**, setting the pace with "**Taking Me Places**," a tale about weaving through L.A. nights. **Blak King** narrates the tale over hard drums and filtered bass, steered by vibes. This side of the journey ends with "**Along the Way**."

Los Angeles legend **Double K (People Under the Stairs)** detours with the melodic, funk tinged "**Face to Face**." An extra treat concludes this project in the form of a "**Bonus Beat**."

This project is strictly limited to 500 hand numbered copies. The design + photography are inspired by the song titles.
